Module 1 Assignment: Personal Website

Projects of Shane Battles

JHU Course 605.256

Projects that Shane has completed or is working on.

Module 1 Assignment: Personal Website

This website was created for the first assignment in EN 605.256. It is a personal website created using Flask that includes a homepage, a contact info page, and a list of projects and publications. It will be an evolving website, growing as the semester continues.
